TRUE[®]

THE DEFINITION OF PRODUCT INTEGRITY

GDM / TAC

TRUE GLASS DOOR MERCHANDISERS and
VERTICAL AIR CURTAINS

...distinctively the best for product preservation
and storage.

Features and Benefits

- Oversized and balanced, environmentally friendly refrigeration system.
- Refrigerators (134A) hold 0.5°C to 3.3°C (33°F to 38°F).
- Self-contained system, no plumbing required.
- Energy efficient.
- Foamed-in-place polyurethane high density cell insulation (CFC Free).
- White aluminium interior and 300 series stainless steel floor. Black interior is available (upcharge and lead time will apply).
- Adjustable PVC coated wire shelves.
- Exterior of durable and permanent non-peel or chip laminated vinyl (NSF approved).
- Energy efficient "Low-E" thermal glass doors, except for freezers and ice merchandisers which have energy efficient, triple pane, thermal insulated glass doors. Dual temperature features energy efficient, thermal insulated glass doors.
- Positive seal self-closing doors.
- Visit our website www.truemfg.com for the latest color and sign offerings.
