TMC-49-HC

TMC-49-S-DS-SS-HC

TMC-58-S-SS-HC

Features/Benefits

- High capacity, factory balanced, forced-air refrigeration system maintains milk temperatures of 33°F to 38°F (.5°C to 3.3°C). Colder holding temperatures provide better tasting milk, increased sales and less product waste..
- Exterior - white or stainless steel exterior front, sides, back and top.
- Interior - Stainless steel walls and reinforced floor.
- Standard with heavy duty floor racks and convenient clean out drain.
- Entire cabinet structure is foamed-in-place using a high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).
- Magnetic door gaskets of one piece construction, removable without tools for ease of cleaning.
- All stainless steel self-service doors feature convenient drop front and "hold-open" flip-up top. Door support bumpers standard.
- NSF/ANSI Standard 7 compliant for the storage and/or display of packaged or bottled product.
- Convenient clean out drain with ½" (13mm) NPT-PVC drain plug.
- Condensing unit accessed from behind back grill, slides out for easy cleaning and maintenance.

MILK COOLERS

True Milk Coolers provide safer, better-tasting milk with colder holding temperatures for less spoilage. Each features conveniently designed self-service drop-front and flip-top doors. True's forced-air advantage allows milk products to remain cold even with access doors open.
