

RETAIL MERCHANDISERS

RETAIL MERCHANDISER REFRIGERATORS - MEDIUM TEMP

Swing Doors

Take advantage of the install flexibility, convenience, and efficiency of this self-contained case. Fit TRM's through doorways, move the case into location, install the compact sealed condensing systems and plug it in. No refrigeration connections or technicians needed for install

Total of 15 (5 per door) adjustable, solid white powder coated cantilever shelves 30W" x 25D"

The True Dynamic Refrigeration Response System® allows for quick product pull down where and when cooling demand is needed

The entire cabinet structure is built using high-density, polyurethane insulation that has zero ozone depletion potential

NSF/ANSI standard 7 for the storage and/or display of packaged products only

TRM2M-NN-BLK-WHT-1BLKLL-4

TRM3M-NN-BLK-WHT-1BLKLLL-4

TRM4M-NN-BLK-BLK-1BLKLLLL-4

TRM5M-YN-BLK-BLK-1BLKLLLLL-4

Features/Benefits

- Refrigerators maintain holding temperatures of 32°F to 41°F (0°C to 5°C).
- True's Retail Merchandiser (TRM) is an advanced self-contained cabinet built for large storage capacity and exceptional product display.
- Available in 2, 3, and 4 door models, the TRM's are ideal for multi-door case lineups, end cap placements, and general refrigeration storage applications.
- Exterior - non-peel or chip black powder coated cold rolled steel; durable and permanent.
- Interior - attractive, white aluminum interior liner with stainless steel floor. Black aluminum interior available.
- Plug-and-play electrical system for seamless installation (No refrigeration tech or electrician needed).
- 4000k color temperature LED interior lighting, provides brilliant lighting throughout the cabinet.
- Self closing door with stay open feature.
- Magnetic door gasket of one piece construction, removable without tools for ease of cleaning.
- "Low-E", double pane thermal insulated glass door.
- Patented True Level leveling systems for a quick install.
- Self-contained factory charged and sealed refrigerator system.
- Viewable glass height of 70" for maximum product display.
- Exterior Digital Temperature Display.
- Unit completely pre-wired at factory and ready for final connection to a 208-240V-1PH-60Hz, cord and plug set included.
