

TIB Bin Adapter Installation

STOP! All work detailed in these instructions must be done by a qualified technician.

Subject: TIB Bin Adapter Installation

Date: February 11, 2026

Models / Parts Affected: TIB; Bin Adapter Kits P#228242 (8"), P#228244 (18") & P#228243 (4")

Voltages: All Voltages

Overview

This document describes how to install 8", 18", and 4" bin adapters on TIB models.

Important Safety Information

DANGER! Electrical shock or burn hazard. Powering off an electronic control does not remove power from all components. Unplug the unit or disconnect power before proceeding.

WARNING! Lifting assistance required for ice machines. Team lift with use of a lifting device. Always use proper lifting techniques or personal injury may occur.

WARNING! Sharp edges. Take care when installing, cleaning, servicing, and maintaining the equipment.

Required Tools

Required tools include (but may not be limited to) the following:

- Gloves
- Eye Protection
- Phillips Screwdriver
- Tape Measure
- Level

Kit Components

- (1) Bin Adapter
- (1) Gasket Tape
- (4) 8-18 x 1" Hex Head Washer Screws

Procedure

8" and 18" Bin Adapter Installation

1. Position the ice bin in its final installation location.
2. Level the ice bin using the adjustable legs.
3. Carefully lift the gasket tape in the bin corners. See fig. 1.
4. With a Phillips screwdriver, remove the existing screws. See fig. 1. Use the bin adapter as a template to locate the screws.
5. Reattach the gasket tape to the bin. See fig. 2.

Fig. 2. Reattach the gasket tape to the bin.

TIB Bin Adapter Installation

Procedure (cont.)

8" and 18" Bin Adapter Installation (cont.)

6. Position the bin adapter. Then, with the provided hardware, install the bin adapter on the bin. Use the existing screw holes in the bin. See fig. 3.
7. Apply the provided gasket tape to the bin adapter's edge. Be sure to cover the existing gasket tape on the bin. See fig. 4.
8. With lifting assistance, carefully install the ice machine on the bin.

NOTE: DO NOT damage the gasket tape.

9. With a Phillips screwdriver, install the bin kit brackets and screws.
10. Complete the ice machine installation. See installation manual at <https://www.truemfg.com/support/manuals/> or follow the QR code.

Fig. 4. Attach the provided gasket tape to the bin adapter's edge.

TIB Bin Adapter Installation

Procedure

4" Bin Adapter Installation

1. Position the ice bin in its final installation location.
2. Level the ice bin using the adjustable legs.
3. Measure and center the bin adapter on the bin. See fig. 1.
4. Carefully apply the provided gasket tape to both bin adapter edges. Be sure to cover the existing gasket tape on the bin. See fig. 2.
5. With lifting assistance, carefully position both ice machines on the bin with the adapter centered between the two units.

NOTE: DO NOT damage the gasket tape.

6. Install the provided bin bracket kits.
7. Complete the ice machine installation. See installation manual at <https://www.truemfg.com/support/manuals/> or follow the QR code.
